

THE PROVEN EMS INTEGRATION PLATFORM

FOCUS ON WHAT MATTERS MOST:

PATIENT CARE

INTEGRATES DIRECTLY TO AVOID REDUNDANT DATA ENTRY

- ▶ Integrates with emsCharts Gold Mobile and Web
- ▶ Crew Compliance and automation
- ▶ Imports time-stamped vital signs and events
- ▶ Auto-attaches EKG waveforms to ePCR
- ▶ Automatically uploads data to emsCharts Gold
- ▶ Modify or remove data prior to chart lock

THE PROVEN EMS INTEGRATION PLATFORM

Save valuable time with the emsCharts Gold EKG interface by automating the import and association of patient vitals and waveforms directly with the emsCharts Gold ePCR. emsCharts Gold EKG is tightly integrated with several web-based monitors and allows automated import of monitor information via the Internet. A physical connection to the monitor is no longer required since the EKG information is passed through an encrypted connection directly through the web and synchronized with the patient chart.

VERSATILE CAD INTERFACE

emsCharts Gold contains several Application Programming Interfaces (API) in the form of Web Services allowing third party CAD vendors to send data to emsCharts using XML. Data can then be linked and imported to a new or existing PCR. Dispatch data residing on other systems can also be imported via an XML web service. emsCharts has developed an interface to several commercially available Computer Aided Dispatch (CAD) products. The emsCharts CAD interface pulls dozens of dispatch fields directly into the patient record, resulting in less time spent entering the information by hand and fewer potential errors.

FEATURES AND SUPPORTED DEVICES

AUTOMATION

- ▶ Auto transfer of time stamped vital signs
- ▶ Auto attach EKG waveforms and 12-leads
- ▶ Auto attach of respiratory waveform images
- ▶ Attach proprietary EKG file to ePCR

EKG TO WEB

- ▶ Transmit EKG data to cloud
- ▶ Import data directly to emsCharts Gold
- ▶ Bypass middleware software

DEVICES CURRENTLY SUPPORTED

ZOLL

- ▶ X Series®
- ▶ E Series®
- ▶ M Series®
- ▶ R Series®
- ▶ Propaq® MD

Phillips

- ▶ MRx
- ▶ HeartStart

Physio-Control

- ▶ LifePak® 15 monitor/defibrillator
- ▶ LifePak® 12 monitor/defibrillator
- ▶ LifePak® 500 defibrillator
