

# BRACKET PRO SERIE™ 35

MOUNTING SYSTEM FOR LIFEPAK® 15 MONITOR/DEFIBRILLATOR

## Withstands Tougher Environments with its Heavy-Duty Design

The Bracket Pro Serie 35 - Heavy Duty is made to secure your LIFEPAK® 15 Monitor/Defibrillator from Stryker (formerly known as Physio Control).

It meets SAE J3043 recommended practice for Ambulance Equipment Mount Device or Systems.

**TECHNIMOUNT**  
SYSTEM™

## FEATURES

SAE J3043  
Certified

Lightweight  
and Compact Size

High Density  
Aluminum

50 Microns  
Anodization  
Ensuring Better  
Scratch/Corrosion  
Resistance

CNC mechanical  
precision  
manufacturing

Bracket Pro Serie™ 35 Bracket Device  
Section Only (top view)

Bracket Pro Serie™ 35 Bracket Device  
Section Only (back view)

Bracket Pro Serie™ 35 HD  
Complete Assembly  
(standard base & bracket)

## BENEFITS

Offers Security and  
Reduces Risk of  
Damage or  
Replacement of  
Medical Equipment

Easy to Install and  
Integrity of Medical  
Device Respected

Uniform Use and  
Compatibility with all  
Technimount Systems

Long-lasting Solution  
Ready to Face Any  
Environment

Easy Access to the  
Medical Equipment,  
Connectors and  
Carry-case Bags

## WORKING HARD? SO ARE WE!

The Bracket Pro Serie™ 35 - Heavy Duty (BP 35 HD) is a rugged solution that was specifically designed for tougher environments and more challenging emergency situations. Made for intensive use of medical devices, this lightweight unit is thick and strong with an anodized finish of 50 microns.

When inserted into the Technimount's Standard Surface Base, it allows a 360-degree rotation of the medical device while securely locked. The deployment of the unit is nearly instantaneous allowing users to easily access the unit with minimum effort in times of emergency.

Hospital

Ambulance

Stretcher

Military

## YOUR SAFETY IS OUR PRIORITY

When it comes to ambulance transport, patient and crew safety is the main concern. Providing safe transport not only applies to the vehicle itself but also to the ability to secure medical equipment.

Having robust and certified mounting systems can help avoid costly repairs, complete replacement of equipment and possible injuries to patients and crew.

## ABOUT US

Technimount designs and engineers mounting solutions for different medical devices such as defibrillators, ventilators, and pumps or other devices, in hospital, EMS, or military environments. Technimount System is the only manufacturer to have a universal mounting system that can fit on multiple brands, models, and applications of portable medical equipment.

# TECHNICAL SPECIFICATIONS

<b>Product name</b>	Bracket Pro Serie™ 35 - Heavy Duty
<b>Compatibility model</b>	Stryker LIFEPAK® 15 <sup>1</sup> Monitor/Defibrillator
<b>Environment of usage</b>	EMS - Clinic - Military - Hospital
<b>Device section material</b>	High density aluminum with black anodization process
<b>Disc section material</b>	Stainless steel insert and acetal cousins
<b>Temperature of usage</b>	- 35° C @ 45° C (Direct conduction)
<b>Impact Resistance</b>	(30 G) Plus 10% safety factor, SAE J3043 certified, CRIQ ref.52286
<b>No. of installation points</b>	7 points on device mount and 4 points on surface base
<b>Product size</b>	12.7" Width × 7.9" Depth × 3.2" High (in)
<b>Base plate thickness</b>	3/16" with innovative shape
<b>Rotation</b>	<ul style="list-style-type: none"><li>• 360° with locking system (standard surface base)</li><li>• 15° both sides with locking system (extended surface base)</li></ul>
<b>Features</b>	<ul style="list-style-type: none"><li>• Fits with or without carry-case protector</li><li>• Compatible with Technimount Stretcher Safety Arm System</li><li>• Compatible with Technimount standard and extended surface base</li><li>• Free access to all connectors and accessories (top &amp; back pouches)</li></ul>
<b>Weight</b>	Total (2 parts): 4.4 lb Device section: 2.3 lb
<b>Part number</b>	Bracket Pro Serie™ 35 HD Complete Assembly (base & bracket) 210-00-PC15-HD
<b>Part number</b>	Bracket Pro Serie™ 35 HD Bracket Device Section Only 210-11-PC15-HD
