

# MOBILE MORGUE EXPANSION TRAILER - MMET

As one of the largest manufacturers of purpose-built morgue expansion trailers in North America, Acela is well positioned to provide your agency or organization with high-quality disaster mortuary surge solutions to meet a wide variety of requirements and budgets. Acela's solutions can be generally split into two categories: bumper-pull, purpose-built morgue trailers and our patent-pending 53-foot refrigerated morgue trailer conversions.

Trailers are available in a variety of sizes from 17- to 53-foot (interior length) and are all manufactured to maintain 35°F interior temperatures in 110°F outside ambient temperatures. Acela incorporates a variety of different construction techniques and offers optional equipment to match any client's requirements and budget. From an escalating multi-casualty incident to a pandemic-caused mortuary surge scenario, Acela has expertly engineered solutions to meet your specific needs.
