

The versatile, leakproof bag that solves your waste containment needs and more.

Emesis

Dressings & Scene Garbage

Patient Belongings & Evidence

Medications

Urine

Key Features and Benefits

- Semi-rigid rim keeps the bag open, then closes instantly with a pull of the strap
- Long, protective cuff at the rim protects your hands from body fluids
- Leakproof seal prevents spillage and contains larger biohazard waste, disposable laryngoscope blades, trash, or scene evidence
- The patient's personal items can be secured in the tamper-resistant bag and attached to their clothes with the clip to ensure nothing is lost
- Clear front makes it easy to examine the contents
- Helps comply with OSHA 29 CFR Part 1910.1030

Model #BH 1100H
