

# ONEWEIGHT®

## PATIENT SCALE FOR EMS GURNEYS PWS-100, PWS-200 SERIES

The first of its kind, OneWeight easily attaches to virtually any ambulance gurney and provides EMS professionals with fast, accurate, and reliable patient weight. No cognitive calculations. No guesswork. Now, weight-based dosing can occur on scene with complete confidence—especially vital for pediatrics and advanced protocols.

***“An integrated scale on the EMS gurney is a game changer. It streamlines weight measurement, boosting accuracy for critical medication dosing in all patients, especially our precious pediatric ones.”***

— Dr. Michael Lohmeier  
Waunakee Area EMS Medical Director

### SPECIFICATIONS
