

Camel Lifting Cushion

The Camel Lifting Cushion will both sit up and lift a fallen person.

Easy to fit

- The lifting cushion is inflated using an Airflo Compressor with a simple hand control
- Simple to use, requiring very little training
- Suitable for indoor and outdoor use
- Can be used independently or assisted

Simple to maintain

- Clean using a proprietary non-abrasive mild liquid cleaner.
- Easy to deflate, fold away and store in the carry bag provided
- The material is designed to exceptionally high standards with extraordinary durability, strength & performance in the toughest of environments

Safe to use

- Lifts the frailest person up to 700 lbs from the floor
- Stable and supportive
- Ideal for carers of individuals with neurological disorders who fall regularly

Improves well-being

- Provides a safe, dignified lift for a fallen person
- Reduces the risk of musculoskeletal injury for the carer
- Individuals with a cognitive impairment are less distressed when lifted with a Camel
- The backrest gives additional support and is particularly suitable for bariatric patients
